Rewriting the Decarbonisation Rulebook

Raj Shant

Managing Director, Client Portfolio Manager

Viewing decarbonisation investing through a strictly green lens leaves a lot out of the picture. Raj Shant, Managing Director at Jennison Associates, will outline a holistic approach employing a broader scope to reveal a diverse \$2.5 trillion opportunity set with abundant alpha potential. Find out how to make the most of the multi-decade movement to decarbonise the planet while the carbon reduction revolution is still in its early stages.

Raj Shant is a client portfolio manager and managing director who supports Jennison's distribution and client efforts across Europe, the Middle East and Africa. Raj joined Jennison in 2019. Prior to Jennison, he spent 17 years with Newton Investment Management, where he began as head of European equities and then became a global equity portfolio manager.
